Upon selecting a patient from the patient list, you will see a message indicating the statewide data load has started. This query is checking all other HIEs in New York for information on the patient. Once the search is complete, it will return one of two messages: 1. No records were found, meaning there is no additional information, or 2. Records found, with a link to the statewide data tab.

When looking at the Statewide Data tab, you will see a listing of documents received as a result of the statewide search. Each RHIO that returned information on your patient will have a separate line. You can click on the specific document ID to see the Summarization of Episode note from that area. See the next page for an example of this document. In the initial phase of the statewide data look up, HEALTHeLINK will be providing documents from the Rochester area only.

Summarization Of Episode

Created On: February 9, 2016

Patient:	Cruisin A. Testpatient Elm and Carlton St. Buffalo, NY 14263	MRN:	6127457

Re-disclosure Warning

The records that you are about to access may contain information from federally-assisted alcohol or drug abuse programs. If such information is present, then the following federally mandated warning applies: This information has been disclosed to you from records protected by federal confidentiality rules (42 CFR part 2). The federal rules prohibit you from making any further disclosure of this information unless further disclosure is expressly permitted by the written consent of the person to whom it pertains or as otherwise permitted by 42 CFR part 2. A general authorization for the release of medical or other information is NOT sufficient for this purpose. The Federal rules restrict any use of the information to criminally investigate or prosecute any alcohol or drug abuse patient. The records that you are about to access may contain highly sensitive health information, the redisclosure of which is protected by Article 27-F of the New York State Public Health law. If you continue you may have access to information: Regarding HIV / AIDS; Provided by facilities licensed or operated by the New York State Office of Mental Health; or Provided by the New York State Office for People With Developmental Disabilities. If such information is present, then the following New York State mandated warning applies: This information has been disclosed to you from confidential records which are protected by state law. State law prohibits you from making any further disclosure of this information without the specific written consent of the person to whom it pertains, or as otherwise permitted by law. Any unauthorized further disclosure in violation of state law may result in a fine or jail sentence or both. A general authorization for the release of medical or other information is NOT sufficient authorization for further disclosure.
