

Performing a VA query through HEALTHeLINK

To launch a VA query, while on a patient summary page click on eHealth Exchange Document Query as indicated below:

The screenshot shows the HEALTHeLINK interface for a patient named Chdrzzztest, Chrseven. The patient's details include: Male, 03/03/1967 (49 yrs), Community ID: 2000001823191, 660 7th ST, LA JOLLA, CA 92038. The main content area displays various medical categories, all with zero results: Emergency Encounters (0), Inpatient Encounters (0), Ambulatory Encounters (0), Laboratories (0), Medications (0), and Imaging (0). On the left, the 'Patient Actions' menu is visible, with 'eHealth Exchange Document Query' highlighted by a red circle and a red arrow pointing to it.

If there are VA records available on this patient, you will see a yellow ribbon message at the top of the page, click "View Results". You can also get to the VA document listing by clicking on the "eHealth Exchange Documents" tab at the top of the patient summary.

This screenshot shows the same patient summary page as above, but with a yellow ribbon message at the top: "eHealth Exchange data load completed successfully. Please click here to View Results". The "View Results" link is circled in red. A box containing the word "Or" has an arrow pointing to the "eHealth Exchange Documents" tab in the top navigation bar, which is also circled in red. The rest of the page content remains the same as in the previous screenshot.

Click on "Department of Veterans Affairs Summarization of Episode note" to open VA report.
